This comparison contains highlights of your health care plan option(s). If there is a discrepancy between the wording in this comparison and your insurance certificate or plan description, the insurance certificate or plan description will govern.

¹For non-preventive drugs, you pay the full price of the drug until you meet the deductible, at which point you pay the applicable copay or coinsurance.

²If performed as a part of a physician office visit and billed by the physician, expenses are covered subject to the applicable physician's office visit member cost sharing.

³If a brand drug is purchased when a generic is available, you pay the copayment plus the difference in cost between the brand and generic medication. The Deductible applies before the above copay schedule (except for preventive medication).

⁴Administered by OptumRx for the Aetna HDHP and Aetna PPO plans.

⁵Specialty prescriptions are available through Optum Specialty only (not at retail).

⁶90-day prescriptions available from Walgreens-owned retail pharmacies (including Duane Reade).
